

ENVIRONMENTAL POLICY

Cod. documento: PE.01

revisione: 01

del 30.05.2018

pagina 1 di 1

CFT SpA, world leader in the production of food processing and packaging lines, is committed to safeguarding and protecting the environment, by implementing and maintaining an environmental management system aimed at minimising the risks associated with the organisation's activities and the products and services it provides.

In line with the above, CFT SpA undertakes to:

- comply with the applicable environmental legislation and any other voluntary agreements;
- invest in technological advances and put into practice the knowledge gained in order to significantly reduce the impact on the environment.
- adopt a prevention and management plan for emergencies of an environmental nature;
- monitor the production process at all times and any relevant environmental aspects/impacts;
- promote adequate training and awareness programmes for the people involved in the production process in order to develop the appropriate skills and knowledge relevant to each individual role within the organisation
- Inform the local community and customers about the environmental performance of the organisation in a transparent manner so that we gain and retain their trust in relation to the activities, products, and services we provide;
- acknowledge that one of the company's key priorities is to protect the environment and prevent environmental pollution;
- rationalise the use of natural resources and energy sources in order to achieve greater sustainability;
- continue managing waste so as to encourage, where possible, waste recovery and recycling rather than waste disposal;
- aim to constantly improve our policies and initiatives as well as the environmental performance of the organisation.

CFT SpA is committed to providing the required technical and financial resources and skills to fully achieve the environmental objectives and targets set out in this document.

This Environmental policy is available externally and is circulated to all staff. It is everyone's duty to contribute actively, within their area of responsibility, to improving the Environmental Management System.

CFT SpA will ensure, by carrying out regular checks, that this policy has been understood and implemented and that the objectives set are being pursued.
